TRACK OWNERS WILL | BALL PLAYERS ARE SETTLE WITH RIDERS

Men Who Rode in Six-Day Race Bruyette and Hausen Get Here, and Agree to Compromise for 40 Per Cent of Their Claims.

Seven of the bicycle riders who participated in the six-day race at the saucer track last summer met last evening at the Salt Palace and agreed to settle with the management of the track at the rate or to cents on the dollar. The settlement was proposed some days ago by Frederick Heath, the track owner, who is anxious o square himself with the riders, in or-

Heath, the track owner, who is anxious to square himself with the riders, in order that the blacklist may be raised. The riders met hist evening with Heath to consider the matter, and after some discussion decided to accept the offer.

The riders who were present at the meeting last night were Samuelson, Williams, Leyland, liver and Carl Redman, Starbuck and Hoagren. These men represent the entire indebtedness on the six-day race, with the exception of the immounts due Holloway. Hopper and Limberg. The last three riders are out of the city at present and consequently unable to attend the meeting.

It was agreed last night that the money, amounting to about \$194.90, should be palid over tomorrow. As soon as this is done and the claims of Holloway, Hopper and Limberg paid, J. N. Sharp, the local representative of the N. C. A., will make arrangements to have the blacklist removed. The action of the bike riders last night makes it almost a certainty that we will have bleyde racing here this summer. The owners have announced their intendent of appointing a meanager shortly and negotiations will be opened with a number of the bicycle cracks of the country.

The settlement last full between the riders and the track owners. A number of the men started in a six-day race, but on account of inclement weather the event was called off. The riders claimed that they had \$486.50 due them, which claim the track owners refused to allow. As a result the N. C. A. was called in and the track owners refused to allow. As a result the N. C. A. was called in an the track owners refused to allow. As a result the N. C. A. was called in and the track owners refused to allow. As a certificate that he had beacklisted. In order to have the blacklist removed, Frederick Heath, owner of the saucer, endeavored to effect a settlement. In this he has been successful and induced the riders to compromise for 49 per cent of their claims. As soon as this amount is paid over, the track will probably be restored to good standing.

ARRIVING HERE DAILY

More Are Expected-Eddie Quick to Arrive Today.

Two new faces appeared among the ball-tossers at Walker's park yesterday afternoon, "Bill" Hausen, the celebrated Lobster backstop, who recently transferred his affections to Salt Lake, came down from the Junction City to begin practice, and Bruyette, a former P. player, also dropped into town to begin

work.

Both men spent the best part of the afternoon at Walker's in company with Gimlin, Davis, Essick, Shea, Hahn, O'Brien, Cook and some others, who have been practicing for the past week. Under the direction of "Dad" Gimlin, the boys took turns at the bat and in the outheid catching flies.

The diamond is still unfit for use, so the players have to content themselves with the stunts they can do in the outfield. The moisture has not yet dried out of the ground, but a few more days of singhine will put the park in good shape. "Bill" Hausen developed some of his old-time form at the bat yesterday and rapped the horsehide for a number of long ones. Gimlin has forgotten none of his stunts in the outer garden and several times yesterday made sensational running catches. "Slare" Device is a frisky as a colt and

"Slats" Davis is a frisky as a colt and as irrespressible as ever. Not satisfied with sprinting around the park a time or two, Davis ended his day's work by chas-ing a greyhound until the animal bolted from the grounds to avoid further pur-suit.

Eddie Quick should have reached the city last night, but owing to a delay he will not get in until this morning. Flynn and Denovan are expected here this week,

He cashed the check at Elmer Ripply's saloon. After he had got the money he went back to the ranch to work again. Ripply had tried to cash the check at the bank, but it was repudlated and Ripply was notified that it was a forgery. NEW YORK, April 7.—Secretary of the Treasury Shaw and Cornelius N. Biles, treasurer of the Republican National committee, conferred for some time today at the sub-treasury. He had no idea, he added, when the canal payments will be made. It may be some time off.

Before the Nelson-Welch fight, Perry Queenan, who meets Jack Clifford here or the 18th, was a personal friend of the The men met down on the coast and became well acquainted. Now however, things have changed, and they do not speak as they pass by. This is the reason Queenan was in Nelson's corner last

Tuesday night when the latter fought Welch. Perry knew the Californian well and was familiar with his style of fighting, and for this reason Nelson's manager realized that he would be a valuable counsellor for the Chicago fighter.

Those who witnessed the mill will remember that Welch had all the better of the go in the first and second rounds. When Nelson retired to his corner at the close of the second round, Queenan instructed him to "dig in" and not fight the "Spider" at long range. This Nelson did and as a result he almost "copped" the Californian in the fourth round.

After the fight Welch and his manager refused to speak to Queenan. Many persons noticed the breach and wondered why. The above story will explain.

Reports from the Queenan-Clifford Puesday night when the latter fought

Reports from the Queenan-Clifford training camps say that both men are getting close to weight and would be able to fight if necessary on three days notice. The fighters will weigh in at 155 pounds at 3 o'clock on the afternoon of the battle.

Track Team Candidates in U. of U. Classes Are Putting in Their Best Work.

In the short distance races the preps have two good men in Cannon and Butler, and are equally well fortified for the lenger races by Judd and Clayton, both of whom will make the first team this year and are looked forward to as winners. Bennion will do their jumping and a score of husky fellows will try their skill at the shot and hammer.

Capt. Scranton of the freshmen has a strong team, and is confident of winning. Redd is probably the greatest surprise of the freshmen team and will win out in the high jump and pole vault. The first time he ever tried the pole vault he cleared over sine feet, and he has made over live on the high jump.
